

Frontier labs' system prompts are now mostly AI-written

Each dot is one released system prompt (Anthropic, OpenAI). Only text added in that release is scored; dot size shows how much text was added. Judged by the Pangram AI-text detector.

Sources: Anthropic release notes; leaked prompts (github.com/elder-plinius/CL4R1T4S). Preliminary, AI-assisted analysis: github.com/HaukeHillebrandt/sysprompt-ai-authorship
